

COLEORTON PARISH COUNCIL

Summary Report of meeting June 2008

- The Parish Plan has now been printed and will be distributed within the next month. It will include a leaflet publicising the new parish website and explaining what action the council is taking to deal with some of the issues raised in the Parish Plan
- There is a new e-mail address for parishioners to use to get hold of the council members - parishcouncil@coleorton.org.uk
- There is still very little information available about the hole that has appeared at the edge of the Peggs Green recreation ground. Members of the Parish Council are inspecting the fencing and signs regularly to minimise health and safety risks
- The council are following up on comments about the grass cutting in the area, although we understand that the weather earlier this year has made it very difficult for the contractors

Next meeting: 9th July 2008

At: Beaumont Social Centre
